Sunflower State Health Plan
IDD Care Coordination Model

Confidential and Proprietary
The Member is at the center of his/her care, and will continue to have his/her chosen Targeted Case Manager. Sunflower State will assign a care coordinator who is a nurse, behavior specialist or program specialist based upon primary need.
Care Coordination

IDD Care Coordination Team Map

Each region staffed with a specialized Sunflower Care Coordination team.

Stephanie Rasmussen
Director of IDD Supports
913-333-4511
Sunflower Care Coordinators will:

• Serve as the Primary Contact for the Person
• Receive existing information about the Person (BASIS, PCSP, other assessments and support plans), and complete additional assessment.
• Assist with the Assessment for and Development of Behavioral or Health Support Plans, as needed.
• Schedule clinical reviews with our Professional Team as needed, including in a crisis
• Help the Person access Value Added Services
• Complete the HCBS Plan of Care with the Person and team, and share the other benefits the Person accesses through our plan.
• Review any requests for benefits which are not covered.
• Assist with communication with health and behavioral health providers.
• Assist with coordination of Pathways Training.

Complex Case Review Team:

- Medical Directors
- Nurses
- Pharmacist
- Psychiatrist
- Behavioral Health Professionals
- LTC Program Specialists

Access in a Crisis
