Kansas Marketplace Plans Available in this Rating Area							
Individuals and Families	34 plans	Bronze	9	Small Businesses	16 plans	Bronze	6
		Silver	14			Silver	6
Gold	7	Gold	4				
Platinum	2	Platinum	0				
Catastrophic	2	Catastrophic	0				

Open enrollment began November 15, 2014 for the health insurance marketplace created by the Affordable Care Act (ACA). The marketplace has health insurance plans available in four metal tiers—bronze, silver, gold and platinum—plus low-cost catastrophic plans with limited benefits. Plan premiums are based on family size and age(s) of those covered, smoking status and where consumers live. Kansas is divided into seven rating areas for plan premiums, meaning a plan could have a different premium price in a different part of the state.

This report details the cost of various health insurance plans available in rating area two. Information for all other rating areas is available at: khi.org/premiumratingareas2015.

The silver benchmark plan is the second lowest-cost silver plan in each county.

The premium tax credit is based on the cost of the silver benchmark plan and takes into consideration the consumer's family size and income. While the tax credit is determined based on the cost of the silver benchmark plan, it can be applied to any plan purchased in the marketplace (except for catastrophic plans).

Catastrophic plans are low-cost, limited-benefit plans available only to individuals under age 30 or those with a hardship exemption.

Tax credits and premium amounts for the family scenario assume children will be enrolled in Medicaid or the Children's Health Insurance Program (CHIP) when eligible. In Kansas, children are eligible for Medicaid or CHIP if their family income is less than 245 percent of the federal poverty level.

The Kansas Small Business Health Options Program (SHOP) marketplace offers insurance plans to businesses with 50 or fewer employees. Federal law does not provide premium tax credits to employees in the SHOP, assuming that employers would contribute to the cost of employee insurance; catastrophic plans are not available in the SHOP.

Average Change in Cost from 2014 to 2015, by Metal Tier in this Rating Area

Bronze	Silver	Gold	Platinum	Catastrophic
3.3%	-1.4%	-1.0%	-2.6%	14.9%

Note: Individual consumers may experience premium changes significantly different from the averages presented here.
